

TO ADVERTISERS: The Tribune has a large circulation than the combined number of papers published in this county.

THURSDAY, NOV. 22, 1912.

TRIBUTES AND BLADES.

We club the Tribune and Toledo Blade on the same terms as last year. All persons paying arrears on the Tribune and Blade in advance will receive the Tribune and Blade for one year.

We must have \$2.50 in advance for the two papers from all the time the Blade is subscribed for. New subscribers to the Tribune can receive both papers for \$2.50.

The river was nearly frozen over, this morning.

Mr. Hight, of the Toledo Commercial, called upon us yesterday.

The new flag stone pavement in front of Hart's & Co's Marble Shop, is a decided improvement.

See Business Local of Hunter & Brigham's Edge Tool Factory, in Clyde.

Don't forget the Thanksgiving supper at National Hall, on Thursday evening, November 30.

Read the large advertisement of F. K. Shawhan & Co. They are receiving an immense stock of goods.

For anything in the line of books or papers, go to G. R. Huse's store. He keeps a complete stock.

G. R. Huse is traveling with a variety of gift show. His troupe is pronounced by the Keston Republic as good.

Handful has from three to five in a month. That is about the way our Fire Department—then property would be safe.

A "Heaven Chorus" was in town Saturday. He hit his lucky color, almost-shaped eyes and long eye in dim recesses of a large covered wagon.

See advertisement of a good farm for sale in Wood County. It is pleasantly located, has good buildings, etc.

Read the advertisement of Democrat's Monthly Magazine and Democrat's Young America. They are good periodicals and beautifully printed.

Sold.—The Rume property, on Market street, has been sold to Mr. Adam Wagner for \$2,225. It is probable that a brick building will be erected on the lot next spring.

On the Black List.—We are sorry to say that Mr. C. N. Look of this paper, by being very sick at his residence, has been confined to the house since Tuesday of last week.

Black Swamp.—Dr. Gibson, Col. Stevens and H. A. Baskin, last week, went to the wilds of Henry County for deer. Many successful shots to them.

Spiritualism.—A lecture on Spiritualism will be given at City Hall on this and to-morrow evenings, by Professor Fairfield. He is said to be well posted on this subject.

We learn that, recently, the Catholic Church was burned in McCutcheonville. There had been no fire in it for ten days, and it stood in the street. It is supposed to be the work of an incendiary.

Mr. Lewis Middle, on Sunday evening was taken with a pain in his head, and in a short time became speechless. He remained in that condition twenty-four hours, when he died.

Court adjourned on Saturday last until December 1st, when it will convene to close up some unfinished business. Five of the old panel and several new panel have been retained.

Furs.—Mr. Geo. W. Baskin has added furs to his general stock of the needed for the people. He has all styles and qualities, and the reason for the best, for ladies and children. See advertisement.

Mr. K. S. Shawhan arrived in this city on Friday night last, from England. He has been absent nearly three months, and has spent most of the time in London. His health is much improved by the trip.

Will Close Up.—Messrs. Nicol & Goldman wish to notify all holders of shares in the company that the shares should be taken to prevent loss.

The brick work on the tower of the Methodist Church is completed, and the tower is up to the top of the four turrets. The church is a fine looking building, and the reason for the best, for ladies and children. See advertisement.

We understand that the lot of Mr. John Kanil, in the cemetery, has been recently visited by some one and some flowers carried off.

Shining.—We think to-day we won't find. But we say this, that we do not publish a paper for fun—it is our living. There are a number of other subscribers that we owe from \$1.00 to \$5.00, and we would like to see them.

Adrian Hill.—A new grist and flouring mill has been built in Adrian, G. near the site of the mill that was burned last winter. It is said to be a good mill, and is furnished with excellent machinery. The proprietor, Mr. J. W. Cline, has engaged the services of Mr. A. Ewing as miller. The mill will commence running this week.

Improved.—Mr. J. S. Yerl, whose energy is proverbial, has made arrangements to extend and enlarge his business room on Main street.

The extension will be a one-story brick, running back nearly one hundred feet. Running from this south, towards the Court House, will be erected a two-story brick, sixty feet front, facing on "Virgin Alley."

From this, it will be seen that the business room will be very large, having a front, rear and side entrance.

Accident.—A peculiar accident occurred to little child of Mr. H. O. Sharp, on Monday night. She was playing with another girl, and had in her hand a crocheted needle, and was holding it to the side of her head. The other girl caught her around her waist and arms, and the needle was driven into the flesh, nearly an inch, a little below the left ear.

A physician was called to remove the needle, which was a painful operation. The little girl bore the pain without a cry.

Union Thanksgiving Service.—Since the memorable Proclamation of Mr. Taft, Thanksgiving, issued by the late President Lincoln, the custom has been perpetuated to call for Thanksgiving and to praise to the "giver of every good and perfect gift" by the people of all the States on the same day.

On the 22nd of November, the day of the year, the people of this county, in the contemplation of the call of President Grant, the Governors of the State have issued their Proclamations, designating the 22nd of November as the day when the people should express their "gratitude and thankfulness to Almighty God, for the blessings of the year."

No State has been more highly favored than Ohio, and no people more blessed than ours, by the health and material prosperity than the citizens of Seneca county.

The people of Tiffin will have an opportunity to join in a "Union Service" in the Presbyterian church, commencing at 10 o'clock, A. M. Good music, short address, and if we were to add an item to the exercises, "a collection for the poor," will be the order.

The new bridge over the railroad, which is being built by the Toledo road, is now nearly completed. It is a fine looking building, and the reason for the best, for ladies and children. See advertisement.

An Outrag.—On Friday night last, a gang of loafers, led by Golden Fredrick, entered the Brewery of Mrs. Smith, at about eleven o'clock, and committed a shameful outrage. The owner, Mrs. Smith, was in bed, and Frederick caught hold of her, dragged her out and beat him about the head and face in a fearful manner. His injuries were very serious.

Frederick was taken to the hospital, and the police are looking for the other members of the gang. The police are looking for the other members of the gang.

The number contains the twelfth volume of the Galaxy.

Messrs. Myers, White, Cox and Audlin Allen returned from the Black Swamp, Friday night last, after a week's hunt. They didn't see a deer, and so were not "out" for ammunition to any extent.

In connection with our wish to return to them our sincere thanks for the first joint of the left hind leg of a squirrel. They said they would have given us more, but the balance of that squirrel was eaten by the dog.

Mr. J. W. Cline, has engaged the services of Mr. A. Ewing as miller. The mill will commence running this week.

Improved.—Mr. J. S. Yerl, whose energy is proverbial, has made arrangements to extend and enlarge his business room on Main street.
